

Case NO. 3:18-CV-01441

FILED

DEC - 7 2018

RONALD PERRY, CLERK
U.S. District Court
Southern District of West Virginia

While incarcerated in SCRj along the months of Sep. to Oct. 7, 2018 I was a Misdemeanor Housed as a pre-Trial felon, and why this was going on my 8th Amendment Right's was violated, By Being improperly housed and Being Mass punished and My first amendment By Being Denied an Attorney phone call, and then Being Denied My right to speak to a Cold Book or Shift Supervisor By the same Cpl. that was mass punishing us, and he being Cpl. Rupp of SCRj started yelling and CUSSING me for asking him to speak to a Authority above him, he then threatened me with whole time and sprayed with mace and as soon as Sgt. Tony came in he never spoke to me he immediately sprayed me and then Rupp handcuffed me and twisted my wrist out of socket and then, told me that he had just got a new 40 cal Glock and can't wait to use it and stated he would be waiting on me to get out so he can use his new gun to Blow my fucking Brains Out

I put immediate fear for my
 own life, I stressed the situation
 to Lt. Terry who did nothing about
 it and then cont. to let Rupp
 control the situation, and he
 put me on Ag Sec and tried
 3 times to get me to sign papers
 of guilty resulting in 15 Day Ag Sec
 and if I didn't then I would get 60
 Days Ag Sec and there ~~was~~ nothing
 I could do about it, and At that
 point I was truly in fear for
 my life B/c no one would help me
 and that resulted in me being scared to
 eat my food I started a rumor stating
 I was getting out on Oct. 5 instead
 of the 4th so that ~~that~~ I could get
 out safely, Sgt King helped me out and
 assured me my safety But I was
 still scared, I would like to see
 King awarded and or moved up and Rupp ~~get~~
 removed, and Taney to get counseling, And
 Terry to be retrained in his position, and
 Monetary compensation for Mental dis.
 pain and suffering please and thank
 you
